Provisions Mushroom Farm
Building a Healthy Community with Mushrooms

Christian is owner/operator of Provisions Mushroom Farm, a small 5 acre farm, located near Capitol State forest in Olympia, Washington. Provisions Mushroom Farm has been in operation since 2006, cultivating exotic, gourmet mushrooms for local restaurants, food co-operatives and members of their Community Supported Agriculture (CSA) program. CSA allows the public to participate and receive fresh, seasonal produce, farm direct.

Christian has been studying and experimenting with mushroom cultivation for 15 years. In 2003, he moved his family to Olympia, to live closer to the fungal diversity, here in the Cascades. He was employed by Fungi Perfecti, in Shelton, Washington for 3 years, where he helped manage their production facility.

Christian envisions gourmet and medicinal mushrooms, as key components, in building a healthier, stronger community, through grass roots efforts. "Let's put the culture back in agriculture!"
